BIOGRAPHY

French artist based in Paris, BLNDR is an active figure of the contemporary techno scene. When it comes to his productions, he has his own characteristic sound: deep rhythms and atmospheric elements combined with peak time grooves have always played a major role in his music. BLNDR released on labels such as Hypnus Records Semantica & Silent Season and have been remixed by artists such as Cio D'or, Svreca, Bambounou, Acronym or Evigt Morker. BLNDR have launched since in 2017 a vinyl label with friends DJ Varsovie, Paulie Jan & Panzer called Intervision and based in Paris. Having many others big projects in the pipeline to be released in the next months, BLNDR is surely someone to watch. BLNDR's hard work has been recognised and rewarded with many gigs in France and abroad such as KHIDI in Tbilissi, Contact & Vent in Tokyo, Vurt in Seoul, Bloc. in London, Concrete and Rex Club in Paris, Tresor and About Blank in Berlin. Expect much more in the months and years to come for this talented artist !
